

BRANDING ENDS THE CONVENTION

Crowd of Cattlemen Attend Jolly Smoker; Executive Committee Meets.

The "Branding" held Thursday night at the Mills street auditorium, and attended by a crowd of cattlemen estimated at 1500, was the closing feature of the Panhandle and Southwestern Stockmen's convention. The big auditorium was crowded and the program kept the visitors entertained until a late hour.

The program opened with an address of welcome by Judge Dan S. Jackson, the master of ceremonies. Thereafter the evening music was furnished by the 15th infantry band. A dialog and songs by Joe Marx was the next number, followed by stories by Jack Night. Parvin Witte sang "My Hero," accompanied by the band. He was followed by the chamber of commerce quartet, which sang a number of popular songs. The quartet is made up of Mr. Witte, Frederick Billings, R. J. Carson and T. A. Christian.

Exhibition of Horses.
A fast four round bout between two horses, "Young Jack" Johnson and "Red" Thomas, followed. Both boys kept up a fast pace and had the crowd cheering at the end of the first round. This match, together with the others that followed, was refereed by Joe Stewart. Following a musical number

Overnight Relief For Constipation

When the bowels become clogged with a mass of poisonous stomach waste, sick headache with all its attendant misery, belching of sour stomach gases, bloating and general discomfort are sure to follow.

A mild, pleasant laxative tonic that will carry off the congested mass without upsetting the stomach or griping the bowels, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose taken just before retiring will afford grateful relief next morning, without unpleasantness or discomfort.

Dr. Caldwell's Syrup Pepsin is the ideal family remedy, especially for the women and children and old folks. A free trial bottle can be obtained by writing to Dr. W. H. Caldwell, 452 Washington St., Monticello, Ill.

CHECK THE SYMPTOMS OF LUNG TROUBLE

Symptoms of severe lung trouble, such as fever, night sweats and loss of weight, etc., should be checked, or serious results will follow. Kikkun's Alternative has brought about many recoveries. Read this—

308 W. Thirtieth St., New York.

"(Continued)—Since I was a very young woman I was a sufferer from bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight, and my doctor told me if they were not checked I could have consumption. Miss Mary Kikkun, who is a friend of mine, recovered after taking your Alternative, and I followed her lead. I am now, after two years, perfectly well, strong and healthy." (Abbreviated.)

(Atlanta) MRS. ROSA VOELPEL.
Kikkun's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Answer to substitutes. Small size, 25¢ regular size 50¢. Sold by leading druggists. Write for booklet of recoveries. Kikkun Laboratory, Philadelphia, Pa. Kelly & Pollack, Knoxville Drug Co., People's Drug Store—Advertisement.

FOR A BAD COLD

The surest way to stop a cold is to loosen the liver and cleanse the bowels, and the nicest cathartic to use is this 19-cent box of Cascarets. Take one or two Cascarets tonight and your cold may be gone by morning.—Adv.

HAY QUARANTINE TO BE ENFORCED

Arizona and New Mexico Hay Growers Protest, but Avery Stands Pat.

There will be no modification of the Texas quarantine against the world, despite the protests of the Arizona and New Mexico hay growers. J. T. Avery, chairman of the Texas livestock sanitary board, met with the hay growers of the southwest Thursday afternoon at the First National bank and heard the complaints of the hay growers that they were being shut out of their big market without reason.

Gov. W. C. McDonald, of New Mexico, who was here to attend the cattle convention, attended the hearing and took a prominent part in the discussion, backing up Texas and the sanitary chairman in all his rulings. R. B. Orndorff, president of the chamber of commerce, presided at the meeting and A. W. Reeves, secretary of the chamber of commerce, acted as secretary.

Hay Men's Resolution.
A resolution, giving the hay men's side of the quarantine, was offered to chairman Avery and was signed by P. L. Prudential, of Solomonsville, Ariz.; W. W. Wingo, of Thatcher, Ariz.; and J. M. Wilson, of Safford, Ariz. All of whom spoke in favor of lifting the quarantine. New Mexico growers were represented by Dr. McDonald, who urged a three state quarantine, to be composed of Arizona, New Mexico and Texas. This was opposed by Mr. Avery, who announced that he would make a recommendation to Gov. Ferguson for the modification of the quarantine until the foot and mouth disease was wiped out. Mr. Avery said he did not wish to oppose the hay growers of the southwest and was at their service at any time. But he said the disease was too serious to permit of any leniency and insisted that the stringent quarantine should be kept in force until the disease had disappeared from the country.

Gov. McDonald Speaks.
Gov. McDonald spoke from the viewpoint of cattlemen. He was urged by Colorado and Texas and other states to raise the quarantine in New Mexico, he declared. "But I was forced to take this position because I am stronger. All I have in mind is the open range and I realize the danger if the disease gets a start in my state. I will keep the quarantine in New Mexico until I am receiving requests daily for it to be lifted."

President Orndorff, of the chamber of commerce, announced that the 1st Paso chamber of commerce stood ready, at any time, to aid the hay growers in any way possible.

Those Who Attended.
Those attending were: J. T. Avery, of Fort Worth, chairman of the state livestock sanitary board; Gov. W. C. McDonald, of New Mexico; Dr. J. A. Wallace, of Fort Worth, member of the state livestock board; W. W. Wingo, of Thatcher, Ariz.; P. L. Prudential, of Solomonsville, Ariz.; S. Freeman, of Safford, Ariz.; C. R. Ballard, of the state sanitary board of New Mexico; Harry Kelly, of Deming, N. M.; C. A. Thompson and T. C. Phillips, of the state livestock board; Dr. El Paso, R. B. Orndorff, president of the chamber of commerce; W. W. Turner, Robert Krakauer, George H. Ryan, John M. Hardy, G. M. Thomas, E. M. Bray, W. C. McCormick.

PITTSBURGH BANK FAILS TO OPEN ITS DOORS
Pittsburgh, Pa., March 5.—The German National bank of Pittsburgh did not open its doors for business this morning. A notice on the door said it had been closed by order of the controller of the currency.

The German National bank was organized in 1894 with a capital of \$500,000, and on Dec. 31, last, reported deposits of \$2,042,922. Its surplus and undivided profits on that date was \$284,265. Its dividend rate was 12 percent annually.

COUNSEL FOR KINERS ASKS CHANGE OF JUDGE
Trinidad, Colo., March 5.—In the district court this morning, attorney H. N. Hawkins, representing members of the United Mine Workers charged with murder and other offenses growing out of the strike disorders in the Trinidad district, made application to Judge Granby Hillier for a change of judge in all cases. The court announced that according to the motion would be heard on Saturday.

TO HOLD SERVICE OF SONG AT TEMPLE MT. SINAI FRIDAY

At temple Mt. Sinai this evening at 8 o'clock a service of song will be held and the closing lecture of a series on "Dramas of Doubt" will be given by Rabbi Martin Zieleson. The program for the service of song follows:

Opening hymn, "Fear Ye Not, O Israel" (Spoken) temple quartet.

Traditional responses, arranged by Sulzer, Boruch, Shlomo mi Concho, Beshmour.

Duet, "My Soul Waited on the Lord" (Maaney), Mrs. R. Wilson and Parvin Witte.

Lecture, "Faust," Rabbi Martin Zieleson.

Solo, "Evening and Morning" (Spoken), Mrs. W. W. Evans.

Concluding service, temple choir.

Closing hymn, "O Jerusalem, traditional, choir and congregation.

The temple choir consists of M. Lemmon, bass and director; Parvin Witte, tenor; Mrs. R. Wilson, soprano; Mrs. W. W. Evans, contralto; and Edwin Knickmeyer, organist.

NEW YORK POLICE WORK

ON MANY PLOTS, SAYS WOODS
New York, March 5.—The existence of many plots on which the police have been working was made known in a statement by Arthur Woods, police commissioner, in commenting on the indictment by the grand jury of Frank Arbanio and Charles Carbone, charged with attempting to explode a bomb in St. Patrick's cathedral on Tuesday.

Justification for placing the bomb was summed up by Arbanio with the brief statement that "we wanted to put a bomb in some rich neighborhood so that the rich would understand the needs of the poor."

"I pleaded guilty to the act," Arbanio said, "but I did not mean to do any harm. I was there but it was all the idea of the other man," referring to Amico Polignone, the patrolman, Carbone entered a plea of not guilty.

CHICAGOAN, CHARGED WITH GRAB, CAUGHT IN MEXICO

Chicago, Ill., March 5.—Edmund Rice, wanted in connection with graft charges made against four former officials of the detective bureau of the Chicago police department, has been arrested and has confessed, according to a story published here today.

Rice, who evaded arrest for months, was caught in Tijuana, Mexico, by detectives under state's attorney Hoyne. He previously has been traced to San Francisco and San Diego, Calif., and Juarez, Mexico.

SMUGGLERS JEWELS TO U. S.

TO AN STARTING CHILDREN
San Francisco, Calif., March 5.—Samuel Salevey, arrested here Jan. 15, by customs officers and charged with smuggling diamonds valued at \$25,000 into the United States from Mexico, pleaded guilty today in the United States district court and paid a fine of \$2000.

These jewels, it was found, were the property of the wife of Gen. Ramon Turbe, who had committed them to Salevey to that he could sell them in the United States to raise funds for the maintenance of an orphanage in Mexico, where 200 children were starving.

U. S. TRADE BALANCE SHOWS GREAT INCREASE

Washington, D. C., March 5.—The total trade balance in favor of the United States for the month of January was \$148,606,396, most of which was created by products of American granaries and farms, according to a statement issued by the department of agriculture, reported in January.

Exports to Latin-American countries, however, show decreases as compared with January of 1914.

Imports for the month showed a decrease compared with a year ago, of \$23,370,806. Countries whose shipments to the United States showed largest decreases were Belgium, France, European Russia and the United Kingdom. Germany's sales to the United States in January were \$12,951,411 compared with \$16,256,189 a year ago.

For the seven months ending with January—the period of the war—American exports were worth \$1,254,669,148, compared with \$1,521,802,556 in the same period one year ago, the huge increases in shipments of foodstuffs not overcoming losses in other items.

ATTEMPTS TO CURB PRESS MISGUIDED, SAYS JUDGE

Chicago, Ill., March 5.—Praising the newspapers as the country's greatest educational institution, Judge Orrin S. Carter of the Illinois supreme court said Thursday night in an address at the Press club that attempts to curb the freedom of the press were narrow, misguided and fraught with danger.

Concepts of court proceedings, he added, should form a weapon of last resort and should not be utilized with the idea of preserving the dignity of justice.

He declared that millions read nothing but newspapers and that Americans receive practically their entire political education from the daily press.

143 ARE BELIEVED DEAD AS RESULT OF EXPLOSION

Hinton, W. Va., March 5.—The number of deaths resulting from the explosion last Tuesday in the Layland mine remains unknown today. Only 14 bodies have been brought to the surface, but rumors stated that half a dozen more dead had been found.

The company made known the names of 177 men employed in the workings affected. The opinion prevailed that perhaps 20 escaped.

Baby of Future is Considered

Much thought has been given in late years to the subject of maternity, in the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer their own homes.

And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expecting mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such help as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future.

In a little book for such women these points are more thoroughly brought out and a copy will be mailed to anyone who will send us their name and address.

"Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness. Its help is a real help it affords. Ask for it at the store and write us for the book. Bradfield Regulator Co., 211 Lamar Bldg., Atlanta, Ga.

Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and destroy every dandruff. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 24-cent bottle of "Wyeth's Sage and Sulphur Compound," which softens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes out dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

Honor Roll of El Paso's Pure Food Dispensers

Pure Food With Reference to the Care of Milk

Even though your grocer, butcher, druggist, or dairyman or other food merchants have observed all the pure food laws and guarantee positively that the food products they bring to your door are as absolutely sanitary as it is in their power to make them, when they get there what becomes of them?

For Example the Milk Bottle

Just what care is taken of it—after arrival at your home? Is it washed BEFORE opening, and after a portion has been used is the cover put securely on and all trace of the milk removed from the outside of the bottle and placed in the ice box or a cooling place?

Or, is it brought to the table unwashed, carelessly opened, possibly the paper cover, which street dust has collected on pushed into the milk, contents partly used, bottle left uncovered, for minutes, probably for hours, while the usual morning housework proceeds, dust and germs and flies are naturally attracted to the open bottle. By this time the contents are far from a sanitary condition.

Too much care cannot be taken to preserve the sanitation of your milk supply. Before and after it reaches your home. On this depends the health of the entire household, more so than on any other food article.
